Farotti S.r.l. – Summer Fragrances

Summer 2021 fragrances

We are pleased to present our **Summer collection**, hoping to bring a breath of lightness to this winter that never seems to end.

Imagine.

The long bright days will smell of the **sun**, the wind will ruffle our hair, the smell of the **sea** will inebriate our senses and the nights will enchant us with the seductions of **jasmine**.

Laughter, music and friends will return.

And if all this still seems far away, close your eyes and let yourself be carried away by the **perfume**, in a moment it will be summer again, it will be hope again, it will be life again.

away by the perfume: in a moment it will
be summer again, it will be hope again, it
will be life again.
